EXPERIENCE

Freelance Illustrator, *Design by Parker*
Dec 2020–Current, Seattle, WA

Developed illustrative assets for a client parent and child brand, used for marketing, product merchandise, and website assets. Created iconographic illustrations in Procreate and vectorized assets in Adobe Illustrator. Utilized illustration to form a sophisticated relationship within a client's brand.

Graphic Design Intern, *Design Museum Everywhere*
Sept–Dec 2020, Remote

Formatted and created marketing collateral used for company social media and e-newsletters. Created informational graphics for educational purposes surrounding the topic of Design by using Adobe Illustrator. Graphics created were intended to be displayed in virtual exhibitions and future in-person installations.

Graphic Design Intern, *Locus Analytics*
June–Aug 2019, New York, NY

Developed flexible visual models and illustrated assets for educational materials that explained the relationships between economic systems. Guided three major projects, including a company re-branding project; adhered strict requirements for graphics that had to relate to data structures and methodologies.

Graphic Design Assistant, *College of Arts & Sciences*
June 2017–June 2019, Seattle, WA

Repurposed brand assets to emulate University branding guidelines. Created illustrations for editorial pieces highlighting campus courses featured in the College's Perspectives Newsletter.

Designed animations for multiple digital ad-campaigns highlighting the significance of a Liberal Arts Degree. Developed visual assets for the College's social media that would unify a prominent, visual brand across all platforms.
